

CORPORATE IMMIGRATION

WHAT WE DO FOR OUR CLIENTS

Our corporate immigration team is very experienced: it is led by an internationally recognized leading practitioner in the field of corporate immigration, with almost 25 years experience. We regularly speak about immigration matters at international (IBA, AILA, ...) and national conferences, and we have written several articles in this practice area.

The membership of ABIL (Alliance of Business Immigration Lawyers), an international network of renowned corporate immigration professionals in various countries, allows us to handle global files efficiently.

We work closely together with our labour, corporate and tax law department.

The immigration practice of Praetica is focused on corporate immigration.

We assist clients with applying for work permits (employees), professional cards (self-employed), visa and residence permits, ..., in Belgium (Brussels, Flanders, and Wallonia), always taking into account the overall situation (tax and social security consequences, long term residence, citizenship, ...).

AS PART OF OUR DAY TO DAY OPERATIONS, WE:

- prepare and file work permit applications for highly skilled professionals and executives of multinational companies, assigned to Belgium
- assist with Belgian permits for entertainers and staff
- prepare and file professional card applications for self-employed entrepreneurs, including assistance with incorporation of Belgian entity
- advice on labour and tax law matters, related to corporate immigration
- assist with visa and Belgian residence permits applications for employees, self-employed and their family members
- assist with citizenship issues and applications
